Moderation is the silken string running through the pearl chain of all virtue.—Fuller.

With its usual reckless abandon the Advertiser has been declaring that Delegate Kuhio returned to Washington too late to be of any assistance in having Hawaii's raw sugar interests heard. The cablegram from the Bulletin's Washington correspondent shows how utterly false such assertions have been—false as usual.

Don't lose sight of the fact that if the "Kill Kuhio" campaign is continued, Hawaii will be thrown into the list with the party that has officially declared for free sugar. This will be regardless of anything Kuhio may say in making campaign apologies for his enemies. If you want Hawaii to go with the free sugar party, keep on with the blatherskiting; if you have a little sense left, forget it.

CANAL TRAFFIC TO HONOLULU.

What will the Canal bring us? is a query often put by the man who wants to know "What's the use?" and also by the thoughtful man striving to discount the future of the Canal traffic.

In answer to this query two significant news items have appeared in mainland papers recently. The society section of the New York World publishes the following comment on the trend of travel to Panama, and it naturally suggests the conclusion that if the society people will go to Panama before the ditch is finished, certainly there will be much of novelty to bring them through the Canal and to Honolulu, after the ditch is open for traffic:

A trip that many society people are taking just now is to the Isthmus. Two weeks remain before Easter brings to an end the dull days of Lent and inaugurates a brief but gay little season in town. Palm Beach has passed the heyday of its season and Southern travelers are returning to town in shoals. The Panama trip has always had a peculiar fascination for fashionable explorers, and just now its interest is enhanced owing to the fact that this will probably be the last opportunity for seeing the big ditch before it is filled with water.

All the boats going to Panama are filled with pleasure-seeking passengers, and the booking lists are filled for the next month or two. It used to be thought that winter was the only pleasant time for visiting the Isthmus, but now travelers have discovered that April is a charming time for the Southern trip, in consequence of which parties are being formed for the expedition for the next six weeks.

A favorite time for the trip seems to be the fortnight following Easter. On Saturday, April 6, a great boatload of people is to start for the Isthmus. Among those who are taking the Panama trip now and who are due to return on the Victoria Louise on April 2 are Mr. and Mrs. John R. Drexell, W. Hude Neilson, James W. Alexander, Mr. and Mrs. Edward Tiffany Dyer, Miss Madeline Knowlton, J. F. D. Lanier, F. T. Lawrence, Mr. and Mrs. J. H. Laurent, Frank W. Reynolds, Mr. and Mrs. C. W. Trimble, Mr. and Mrs. John J. Watson Jr., and General and Mrs. Stewart L. Woodford.

So much for the society people and the tourists with money to spend. The San Francisco Examiner publishes the following London cablegram:

LONDON, April 6.—The Chronicle says that two German ship lines propose to carry steamer passengers to California by the way of the Panama canal at the same rates as to New York. The only extra charge will be sufficient to cover the canal duties.

This is what has been expected and it foreshadows an era of most remarkable development here and all along the Pacific Coast in consequence of the great influx of European immigrants. There is not the slightest doubt that, with the cheap rates prevailing the matter of men to do the work will be no longer the problem of the present day.

The Bulletin yesterday published a prospectus of a million dollar corporation to develop Fanning Island as a competitor of Honolulu as a Pacific Cross Roads.

In view of the great opportunities before us, is it not good sense and profitable investment for the business men of this town to invest much more heavily in a promotion campaign that will make certain of Honolulu being uppermost in the minds of mainland people when the Canal is open for traffic, less than two years hence?

Think it over gentlemen.

Today, April 18, is the day Governor Johnson of California has declared "Fire protection day." All citizens are asked to get out and remove all things and rubbish that are liable to cause a fire. Why cannot Honolulu have such a day?

The citizens of the Territory are not going to commit any such folly as to go back on Kuhio, and make the Democrats a present of the delegateship. Wouldn't it be lovely for Hawaii to have the record of endorsing the candidate of the free sugar party?

EVENING SMILES

EVENING SMILES

"Have you any invisible hairpins?"
"Yes, madam."
"Can I see them, please?"

Maude—Did you say I painted?
Maude—No, I said you powdered.
Maude—Ah, well, that puts another complexion on the matter.

"What would you say if I came to school that way?"
"I wouldn't say nothing," replied Johnnie. "I'd be too polite."

"When I was abroad, I was constantly taken for a certain crown prince whom I believe I resemble."
"I suppose you had to shew out some large tips."

"What dirty hands you have, Johnnie!" said his teacher. "What would you say if I came to school that way?"

"Of course we are all equal, but I'm the boss. I'm the linker of the links."

Lowering of wages must follow the lowering of tariff, no matter what the commodity.

United States must either compete with the labor of the world or be protected from it. There is no middle ground.

The Democratic party would thrust a knife into the vitals of a quarter of the States of the Union, not mentioning Hawaii, for the purpose of killing "trust control" of the industry of these States. Never a thought is given to the effect of such a policy upon the beet and cane industry and the capital and labor engaged therein.

COELHO POINTS WITH PRIDE TO CONVENTION RESULTS

Editor Evening Bulletin: Owing to the many charges made against the Taft-Kuhio supporters for not agreeing to the compromise offered at the eleventh hour by the Taft-Kuhio League, and being one of those who strongly refused to accept such compromise, I feel that the public should know the facts concerning it, and would therefore respectfully request that you permit publication of this communication.

We, the minority and supporters of Kuhio, claim that we have done our duty well, and have earned an honorable and glorious defeat. The victory of the majority, I say, "is a defeat victory."

Although we have succeeded only in getting one delegate to the national convention by almost a unanimous vote, we claim we have outlived the Taft League delegates by the introduction of the very resolution for which that organization was formed. Had the majority floor leaders known our move, it certainly would have been subverted, and very properly, too, and their own would have been adopted in lieu thereof. This we claim as our Score 1.

Score 2 is our success in forcing the sole alien from the floor of the convention. We wanted only genuine American citizens to sit in an American convention, and won out.

Score 3—We have forced the Taft-Kuhio League to accept our refusal to agree to the compromise offered, to substantiate the charge made by Prince Kuhio "that the politics in Hawaii is controlled by sugar planters." By carefully going over the list of delegates to the convention, it will be seen that there were a majority composed of sugar planters, plantation employees, plantation agency employees, plantation attorneys, members of the Sugar Protective Association, merchants dealing principally with plantations and their agencies, Territorial employees and people in the service of the counties who are directly under the control of officials who are sugar "coated." The warning made by Governor Carter was not heeded in time, and just as we were about to ballot the seriousness of the result was only then realized. Hence the offer of compromise, which we refused. We would have accepted the compromise if the name of Frear had been left out. Renton, whom we personally know to be in every particular a square man, was very acceptable. But the Taft-Kuhio compromise committee insisted that we accept Frear. For one, would not, under any circumstances, because Frear has never yet given Maui the square deal in land homesteading. The composition of the delegation to Chicago is one non-sugar planter and five sugar men.

Score 4—By forcing the convention to ballot on the nominees put up, the result has proven Kuhio to be the most popular Republican today, and Frear the least popular. Renton is a more popular man than Frear by the vote of the convention.

Score 5—For many months past the mouth organs of Frear et al. the Advertiser and the Star—have always charged the Hawaiians with drawing the race issue, etc. The nominations in the convention showed three haoles

to three Hawaiians on the Kuhio ticket, to one Hawaiian and five haoles on the Frear ticket. The Frear ticket was forced through successfully, and we Hawaiians are happy today, because we are exonerated by the very factors who laid the race issue to us. Intimate friends of Kuhio have suggested that he resign the delegateship now and run in a special election in order to test his popularity. This is entirely unnecessary, because Kuhio is already declared by the convention to be the most popular man. He has received 158 votes to Frear's 84 only.

I strongly advise those who feel sore to remember the foregoing scores and rejoice in our glorious defeat. We have fought fairly. We have forced von Damme to tear up the proxy of Kallimapehu which he had and made him bring Kallimapehu to the convention. We have forced Andrew Adams of Kahuku to tear up C. Bridges' proxy and let him come to the convention. We have forced most of the Maui delegates to come instead of having their proxies brought here by a certain plantation manager. We have done nothing to be ashamed of.

Let the solid 70 stand solid and begin again for fair play. Me ka mahalo, W. J. COELHO, Delegate, Sixth Precinct, Waialae, Maui.

NOMINATIONS OF YOUNG WOMEN

(Continued from Page 1)

measurable pleasure and profit to the winners.

Votes Issued on All Payments.
Votes are issued on all subscription payments, both old and new. Be sure you receive your votes when paying or preparing your subscriptions. Every subscription payment, even for one month, earns votes, and these may be voted for any candidate or held until the close of the campaign if the subscriber chooses.

Ballot-Box in Office.
There will be a ballot-box in the business office of the Bulletin, beginning tomorrow, where voters may be deposited for any candidate you may choose to vote for. If you cannot bring the ballots in person, send them to the Contest Manager, and the votes will be credited to the young lady of your choice. Extreme care is taken in this counting so that every candidate may receive the full benefit of every ballot deposited to her credit.

Nomination-Blank Counts But Once.
Do not overlook the fact that the nomination-blank counts 2000 votes for a candidate, but one, and only one, of these blanks will be voted for a candidate. The first nomination blank received is placed to the credit of the young woman for whom it is made out. The daily coupons, however, are good for voting purposes in any amount. They must be voted, however, before the expiration date printed thereon.

Liberal Conditions—No Restrictions.
No restrictions are placed upon candidates as to where they may solicit votes or secure subscriptions. For example, a girl in District No. 1 may work in any of the other districts should she choose to do so. But she does not compete for the prizes with any other candidates except those in her own district, as each district has its own separate and distinct awards. This is a most liberal feature of the campaign that will be fully appreciated by candidates.

How To Win.
Any young woman who desires to enter the contest and win one of the magnificent awards offered should see to it that her name is at once sent to the Contest Manager.

Candidates should at once interest their friends in the contest, and by united and energetic action induce as many persons as possible to vote for them. Thousands of free votes are distributed daily, as each copy of the Bulletin contains a coupon good for 10 votes. By getting your friends, the majority of whom are subscribers to the Bulletin, to cast these votes for you, and then securing their subscriptions, you can add immensely to your vote-total and immediately become a contender for these splendid prizes, all of which are worth so much effort.

The nomination-blanks will only appear for a limited time, and only a limited number will be accepted. Cut the nomination-blank from this issue and send it to the Bulletin office with your name and address or the name and address of your favorite candidate. A subscription is not necessary, but will naturally help your candidate, and a good start means much. The names of persons making nominations will not be divulged.

The prizes will be awarded at the finish of the contest, and may be disposed of as the winners see fit. Any young woman, married or single, who is over the age of 15 years, is eligible to compete.

Anyone who desires to vote may do so by clipping the coupons which appear in each issue of the Bulletin, and in order to vote for your favorite. The coupons clipped from each issue of the Bulletin have a value of ten votes each and any person may fill these out and bring or send them to the Contest Department of the Bulletin. Special voting-ballots are issued on all subscription-payments, according to the amount paid, and these ballots are good any time during the contest and right up to the close. But the coupons clipped from the paper are only good for ten days from date of publication and must be voted before that time.

Persons living in one district are not confined to voting for candidates in that particular district, but may vote for candidates in any district. Instructions for Voting.

Enter the name of the young woman whom you wish to see win one of these splendid awards AT ONCE. She may win the handsome 1912 complete-

Votes To Be Counted Each Day.
After the first announcement of candidates, the votes will be counted each day and the result published in the paper of the following day. There will be a story of the progress of the campaign each day from this time on until the close of the contest, and those entered can and should make it a point to read this story daily, as many points of information will be noted here and which are necessary to each and every candidate. Certain it is that seventeen young women of the Territory are going to receive these prizes on June 22, 1912. Each and every prize is one of the very best obtainable. Each is a prize worth years of effort, instead of the small amount required of a winner, and in view of the personal assistance that will be furnished candidates, no one should have the least hesitation about entering or starting out in earnest to win.

Who Can Nominate.
Any person has the privilege of nominating one or more candidates, whether he or she is a subscriber of the Bulletin or not. Nominations should be mailed or brought to the Contest Department of the Bulletin AT ONCE, as the names of candidates will be published very shortly, and it is of immense importance for a candidate to have her name in this first list, as her friends will then see that she is in to WIN, and will not promise to lend their support to someone else, thinking that she is not in the race. Candidates can be nominated after this first publication of names, but it is a great advantage for each to have her name in this first list. IT COSTS ABSOLUTELY NOTHING TO NOMINATE A CANDIDATE.

How Ballots Are Secured.
In all cases where voting ballots are issued, subscriptions must be paid in advance. The full amount of money must be sent by mail, paid to authorized agents or contestants or brought to the office of the Bulletin.

Votes are also secured by clipping the daily coupons, each of which is worth TEN VOTES, from the Bulletin. These coupons appear each day and any number of them may be voted for a candidate.

How Territory Is Divided.
District No. 1 consists of Honolulu and the island of Oahu, from the center of Nuuanu Street, West.

District No. 2 consists of Honolulu and the island of Oahu, from the center of Nuuanu Street, East.

District No. 3 consists of the Islands of Kauai and Maui.

District No. 4 consists of the Island of Hawaii.

The Contest Office.

LANG DISCHARGED BY MONSARRAT

Edward Lang, barkeeper of the "Cockett" saloon, who was arrested by Liquor Inspector Pennell on a charge of perjury, was set free this morning in Police Court by Judge Monsarrat. When Lang took his position in front of Judge Monsarrat, the court stated that, according to the evidence of the prosecution, he was of the opinion that the defendant could not be convicted by a jury if brought before that body. He therefore discharged the defendant.

Pennell, who had been expecting a favorable decision from the court, was disappointed. Lang was arrested because it was thought he had made a false statement in court when formerly arrested for selling liquor to minors in the saloon.
